

## CORONA / COVID – 19 NOTICE 12.21

After learning about COVID 19 during spring and summer 2020 and in order to mitigate the threat of transmission of the COVID-19 (Corona Virus) to the maritime community the

KIEL, LÜBECK & FLENSBURG PILOTS  
respectfully request  
**vessel operators, master, crew and pilot**

to consider and follow these measures during their vessel's transit :

- Exchange information about your **vaccination** & actual **health status** or **test results** and your **COVID 19 policy** (in advance) if necessary.
- Use **outside passageways** for transfers if possible.
- Keep **cool and dry conditions** on the bridge. Avoid hot and humid conditions which may enable a virus to stay alive on surfaces.
- Keep **ventilation** on the bridge effective – open bridging doors in regular intervals if possible, to minimize aerosol concentration.
- Pls **clean contact areas** regularly with a suitable disinfecting cleaner.
- **Wash your hands** before, during and after duty.
- **Avoid face contact** of your hands.
- **Avoid handshakes** and minimize ship surface contacts.
- Keep a **safety distance** to other persons of 1,5m - 2m if practicable.
- Wear **facemasks**, if safety distances and/or ventilation cannot be maintained.
- Maintain a supply of **hand sanitizer** on the bridge. Any member of the bridge team should use hand sanitizer on their hands immediately after touching their face at all.
- Please **only allow essential personnel** in the wheelhouse during transit.
- **Maintain situational awareness** (e.g. if eating and drinking on duty is safely possible).
